ARRANGEMENTS NOW COMPLETE FOR LABOR DAY

Large Crowds of People From This and All Adjoining Counties Are Expected to Spend Labor Day in Maysville.

The committee in charge of the Labor Day celebration is to be congratulated on procuring such a prominent and able speaker as the Hon. J. W. Newman, former candidate for Democratic nomination for Governor and ex-Commissioner of Agriculture. Mr. Newman is considered one of the best patriotic speakers of the state and will deliver a special message to the farmers and citizens at Beechwood Park Monday afternoon.

Mr. Sherman Arn, who is in charge of the arrangements for a band, has been assured that the Augusta Band will arrive, via auto, early Monday morning and dispense some good music in the forenoon. They will also give a concert at Beechwood Park Monday afternoon and evening. A fine musical program is being arranged by the Community Chorus at both afternoon and evening sessions.

Mr. Henston Hill has the Gun Club grounds put in fine shape. The clay pigeons and ammunition are here and everything is in readiness for the big shoot. We are expecting a great many of the old time marksmen to be out and try their eye.

Dr. Quigley is being very ably assisted by Prof. Dale in arranging the athletic meet. This will be one of the big and most enjoyable features of the day. Many of the High School boys and girls will compete for the fine prizes which have been so generously donated by our good merchants.

CATTLE SALE SOON TO BE ANNOUNCED

The big public sale of full bred shorthorn cattle which will be held in Maysville this fall will likely be announced now in a few days following the close of the big Germantown Fair. Many of the cattle which were prize winners at the big fair this year will be offered for sale at this big sale.

Rucker Tolle has returned to his home in Harrison county, after a visit with relatives here.

LARGEST TOBACCO DEAL IN COUNTY'S HISTORY CLOSED

Hardemon and Malone Sell Their Entire Leaf Tobacco Holding to American Tobacco Company at Big Figure.

Probably the largest single leaf tobacco deal ever closed in Mason county was finally wound up yesterday when Mr. T. A. Duke, local manager for the American Tobacco Company, purchased the entire holdings of Messrs. Frank Hardemon and Thomas Malone, tobacco brokers doing business as Hardemon & Malone.

These gentlemen were probably the largest independent buyers operating on the Maysville looseleaf market last season and their holdings amounted to over 350,000 pounds.

The deal involved approximately \$116,000. The leaf averaged approximately \$37.50 and on these figures the local brokers made a very large profit on the deal said to have been more than \$50,000 for their season's purchase.

So far as is known here this is the largest single transaction in leaf tobacco ever made in Mason county and it forecasts high prices for the farmers during the coming season.

REPORTED THAT SENATOR'S BODY WOULD PASS HERE

From newspaper accounts that the body of the late Senator Ollie M. James and the congressional party accompanying him would come from Washington on C. & O. train Number Three, it was reported about the city yesterday that the funeral train would pass through here and there was quite a crowd of admirers gathered at the local depot yesterday to await the arrival of train No. 3. Upon the train's arrival here it was learned that the funeral party had been switched from the train at Ashland for Louisville.

COURT TO BE HELD ON FAIR GROUNDS

Squire Fred Dresel will spend today and tomorrow on the Germantown Fair grounds ready to hold court on the ground if the necessity arises. Heretofore there has been a magistrate in the Germantown district to act on the grounds but this term there was no magistrate elected in that district.

Try a pound of T. G. Butter.

SECOND DAY OF THE BIG FAIR DRAWS BIG CROWD

Record Breaking Crowds Attended Germantown Fair Yesterday—Today Is Farmers' Day.

There was a record breaking crowd at the Old Reliable Fair yesterday for the second day and from the activity in Maysville early this morning it appears that there will be a large attendance at the fair today.

The Boy's Pig and Hefter Clubs are features of great interest and the poultry display is worth travelling miles to see.

Premiums were awarded yesterday as follows:

Saddle Horses

Stallion, 4 years old and over—A. W. Thompson, Maysville; second, Ed Perkins, Minerva.

Stallion, 3 years and under—John Hunter, Millersburg.

Horse, Mare or Gelding, 1 year and under—George Hargrave, Germantown; second, C. E. Parker, Dover.

Mares

Mare, 4 years old and over—E. T. Doty, Richmond; second, E. T. Doty, Richmond.

Saddle Colt, under 1 year, regardless of sex—Blanche Galbraith, Brooksville; second, H. J. Straubhaugh, Maysville.

Special Calf Ring

For the best registered calf, either sex, best breed, under 1 year old—Francis McIntyre, Maysville.

Boy's Calf Club

For best individual—Milla Stewart, Maysville; second, Harold Parker, Dover; third, Langston Osborne, Dover.

Championship For Cattle

Shorthorn Bull, any age—E. L. Tilton, Mt. Olive.

Shorthorn Cow, any age—Francis McIntyre, Maysville.

Polled Bull, any age—W. M. Colvin, Maysville.

Polled Cow, any age—W. M. Colvin, Maysville.

Shorthorns

Herd, bull and 3 females—Francis McIntyre, Maysville.

Polled

Herd, bull and 3 females—Hughes & Gill, Maysville.

Farm Team

Farm Team, horses or mules owned by one person, team 75 per cent. harness 15 per cent, wagon 10 per cent.—Henry Maher, Maysville; second, Frank Brannon, North Fork; third, Henry Maher, Maysville.

Headster

Roadster—horse, mare or gelding, 3 and under—George Frank, Maysville; second, John Hunter, Millersburg.

Geldings

Saddle Gelding, 3 years and under—William McCane, Brooksville; second, Frank Gibbons, Maysville.

Draft Horses

Stallion, 4 years and over—J. A. Suits, Sardis.

Mare, 4 years and over—Dan Adams, Maysville; second, Henry Maher, Maysville.

Horse, Mare or Gelding, 2 years and under—J. B. Bacon, Dover; second, George Breckenridge, Maysville.

Horse, Mare or Gelding, 1 year and under—Dean & Wood, Brooksville; second, D. E. List, Augusta.

Horse Colt, under 1 year—Henry Maher, Maysville; second, Charles Lee, Germantown.

Mare Colt, under 1 year—John Perkins, Ripley, Ohio.

Gelding, 3 years old and over—John Adams, Maysville; second, Frank Brannon, North Fork.

Champion Rings

Best Draft Mare, with 2 of her colts—John Perkins, Ripley, Ohio.

Finest Stallion, with 3 of his colts—Ed Perkins, Minerva.

Harness Horses

Harness Gelding, 3 years and under—Frank Gibbons, Maysville; second, William McCane, Brooksville.

ACTION ON BILL IS POSTPONED

Washington, August 29—Although the House late today approved the conference draft of the man-power bill, extending selective service to include all men between 18 and 45 years the measure failed to reach the Senate before adjournment and its enactment and transmission to President Wilson was postponed until tomorrow.

FUNERAL SUNDAY

The funeral of William Barbour, who dropped dead Wednesday evening, will be held from the Bethel Baptist Church Sunday afternoon at two o'clock under the auspices of the K. of P. order. Burial will be made at Dover.

WAR AT MAYSLECK

War between the town Negroes and the country Negroes in the Mayslick neighborhood was aired before Judge Purnell yesterday. The fighters were given a lecture by the judge and fined one cent and costs.

COUNTY JUDGE SWEARS IN SPECIAL OFFICERS

County Judge H. P. Purnell went to Germantown Fair grounds yesterday where he swore in special officers who will keep the peace on the fair grounds this week.

Mr. Dimmitt Hulehins, prominent Chicago attorney and former principal of the Maysville High School, is spending a few days with old friends here.

SPEEDING FROM FAIR MUST BE STOPPED

County Judge Will Appoint Special Officers to Report Speeders on the Germantown Pike During the Big Fair.

Considerable complaint was lodged with the county officials yesterday wutch the pike between here and Germantown on the Germantown pike by drivers of automobiles going to and returning from the Germantown Fair.

Several had accidents were narrowly averted yesterday and one machine which was ditched, is said to have been rather badly damaged. The speeding when so many vehicles are on the pike is very dangerous and many have been frightened and have appealed to the county officials for protection.

County Judge Purnell this morning asked County Sheriff Galbraith to appoint several special officers equipped with motor cycles or automobiles to watch the pike between here and Germantown today and tomorrow and to arrest all reckless drivers and speeders.

STATE PHYSICIANS TO BE TOLD OF MASON COUNTY

Dr. J. S. Locke, Mason County Health Officer, Will Provide at Meeting of Kentucky Medical Association.

Dr. J. S. Locke, Mason County Health Officer, left yesterday afternoon for a short visit with relatives before going to Louisville the first of next week to preside at the annual meeting of the Kentucky State Medical Association.

Dr. Locke was chosen president of the state association at the last annual meeting of the body and in his annual address to be delivered Monday he will tell the physicians of the state something about what has been accomplished in Mason county in the past few months toward cleaning up the county and making it one of the most sanitary counties in the south.

Mason county is the only county in the state of Kentucky which has had a complete sanitary survey under the direction of the United States Public Health Service and there are few other counties in the state which have full time Health Officers. In Dr. Locke's address he will tell the physicians something about the various campaigns carried out successfully in Maysville and Mason county in an effort to remove everything unsanitary.

FUNERAL THIS MORNING

The funeral of Mrs. Fannie Welch, who died at her home on Lee street Wednesday evening will be held from the late home this morning at ten o'clock and burial will be made in the Maysville cemetery.

STATE FOOD ADMINISTRATOR HERE

Hon. Fred M. Sackett, of Louisville, Federal Food Administrator for Kentucky, speaks today at the Germantown Fair. He arrives in Maysville this morning.

MINERVA HIGH OPENS TUESDAY

It was announced yesterday that the Minerva High School would open for the school year on next Tuesday but the grades of the same school will not open until the first of October.

STORES CLOSED

Bauer & Kilpp's hardware and hardware stores are closed out of respect to Mrs. Mary Bauer, mother of a member of the firm who died Wednesday evening.

BAPAUME FALLS; AMERICANS PUSH ENEMY ON PLATEAU

British Force Enemy Back to Old Battle Ground—Americans Make Great Advance.

London, August 29—Field Marshal Haig reports that along the whole front from Bapaume southward, the Germans have been forced to retreat with great loss in prisoners, guns and material. The British have reached the west bank of the Somme opposite Brie and Peronne.

In addition to the capture of Bapaume and Noyon, the British today were reported to be in Lesbois and Morval, according to the latest news this evening from the battle front. The town of Peronne has been outflanked by the British on the south.

French troops are reported to have captured Juvigny, north of Soissons. They are reported to have lost Chavigny, just south of Juvigny to the Germans.

Field Marshal Haig's men are reported to have taken Gliechy and Gullefont and to have reached the western outskirts of Maurepas.

British patrols are said to be in Lesbois and Morval. These places are all south of Bapaume.

Immediately south of Bapaume the British have the Bapaume-Beaulencourt road. Advance troops are moving on Beaulencourt itself.

The British also have reached the high ground northeast of Gullefont and have nearly reached Le Transloy.

With the American Army in France, August 29—Late this afternoon the Americans held positions in the fighting line in the Soissons region extending in a northerly direction from Chavigny.

Accompanied by a fleet of tanks and covered by a heavy artillery barrage, the Americans swept forward early today against the German lines that slowly and reluctantly fell back over Jueigny plateau. The little operation carried out yesterday by the French and Americans, had been merely preparatory to the attack which began at 7 o'clock this morning. The tank had been taken out of the line yesterday, but no determined effort was made to advance to any extent.

The full term of my Commercial School will open Monday, September 9, 1918, in the First-Standard Bank Building, Phone 359-R.
27-11 MISS CHARLOTTE CARTMELL

DON'T WEAR OUT YOUR EYES Wear Glasses

We have every modern device for testing of the eyes. If your eyes are giving you the slightest trouble it will pay you to come to us at once. Glasses at Reasonable Prices.

M. F. Williams Drug Company
THIRD STREET DRUG STORE

FOR SALE

I will sell to the highest bidder all the household and kitchen furniture, including piano, dishes, rugs, etc., belonging to the estate of Miss Anna Dieterich, deceased, at warehouse room near the Greenhouse, at 2 o'clock Wednesday, September 4th.
28-1wk H. C. DIETERICH, Administrator.

UNION SERVICES AT BAPTIST CHURCH

Although the regular union services came to a close on last Sunday evening, it is understood that the majority of the churches will not have services on next Sunday evening and the congregations will be urged to attend the First Baptist church to hear the new pastor, Dr. B. B. Bailey.

YE OLDEN TYES

A wagon load of hemp passing through the city yesterday attracted much attention and caused the old timers to recall that years ago Maysville was quite a hemp market. This was the first large load of hemp seen in Maysville in probably thirty years.

BRINGING BACK MARRIED TEACHERS

Repeal of the married teacher regulation is being urged by Dr. P. P. Claxton, U. S. Commissioner of Education.

Reports from some cities indicate that a few school boards have not yet taken action to abolish the rule barring married women from teaching. This rule never did have much to recommend it, and the war has made it impossible of enforcement. Every woman who is a good teacher is needed, and marriage is no bar.

For the information of school boards that may not have seen Commissioner Claxton's statement of March 8, 1918, appealing to married teachers to return to schools, the Bureau is asking that the following paragraph be reprinted:

"There are in the country scores of thousands of persons, mostly women, of good scholarship and professional training, who have had successful experience as teachers, but who have retired from active service. Many of these might render valuable service again in the school. As a means of relief in the present crisis, I recommend that they be called again into active service, and that laws, ordinances and regulations of school boards prohibiting married women from teaching in the public schools be suspended or repealed."

WAR-SAVINGS STAMPS AS PREMIUMS

Plans evolved by various concerns to use War Savings Stamps as premiums amounting to a discount on the purchase price of an article do not meet the favor of the United States Treasury Department. This disapproval which applies, the Ohio War Savings Committee announces, to use W. S. S. as an inducement to promote payment of outstanding accounts.

These reasons guide the Treasury Department's decision: First—War Savings Stamps used as trading stamps or premiums act as an inducement to a purchaser to buy more than he might otherwise do.

Second—It is not in accordance with the terms of the Treasury Department instructions that War Savings Stamps must be sold at the prices specified by the government.

Third—It is considered that the use of government securities as trading stamps or as premiums on merchandise is not a dignified use to which to put them.

Those who have been using War Savings Stamps as premiums, probably meant no harm, but now they will desist, we are quite sure.

TOBACCO CROP OUTLOOK GOOD, SAYS FORECAST

Improved Condition on August 1 Indicates Heavier Yield Than Last Year.

The tobacco crop of the United States for 1918, according to the latest available Government statistics, promises to be slightly heavier than that of last year, despite adverse weather conditions in many sections of the country during the best part of the growing season. The general average condition for the entire country on August 1, 1918, is placed at 83.5 per cent, which was an improvement of .5 per cent. over the condition stated on July 1. The forecasted production from the condition on August 1 is given at 1,228,081,000 pounds, an increase over the estimate one month previous of 10,958,000 pounds, or 3 per cent, and a gain over the final estimate of the 1917 crop of 31,630,000 pounds, or slightly more than 2 per cent.

Only one state, a comparatively small producer, New Hampshire, showed a condition of 100 per cent. on August 1. Of the largest producers Wisconsin seems to have had the best growing season, and the condition on August 1 was reported at 96 per cent. of normal, indicating a yield of 70,347,000 pounds. Kentucky, the world's largest tobacco producing section, is credited with only 79 per cent. condition on August 1, as against 91 per cent on July 1 and a ten-year average of 77 per cent. The production, however, is estimated at a high figure. North Carolina, which ranks second to Kentucky in importance, reported a condition of 87 per cent. on August 1, as against 105 per cent. on July 1, but the yield promises to be heavier than last year. The poorest condition on August 1 was shown by Texas, 35 per cent.

USED AUTOS ARE PLENTIFUL SOUTH OF THE RIO GRANDE

Cars Bought in the United States and South America.

Monterey, Mexico—It may truly be said that Mexico is a land of second hand automobiles. While there have been importations of small lots of new cars from time to time during the last eight years that unstable conditions have prevailed in this country, used cars have been brought in in large numbers, not only from the United States, but from Central and South American countries.

Besides these direct importations of used cars, there are still in every day used in the capital and the other principal cities of the country thousands of American, French, and English models of many years ago. In many instances these cars long since passed out of the hands of the original owners. Large numbers of them were left behind by wealthy citizens when, for political reasons, they had to flee the country.

They fell into the possession, by confiscatory methods, of army officers and public officials of the various successive revolutionary regimes through which the country has passed since the ousting of the late Gen. Porfirio Diaz from the presidency. Most of the higher government officials have succeeded in keeping themselves supplied with new and modern automobiles from time to time, but for the most part old and badly worn out cars are still in use throughout the country.

The one exception to this condition is the thriving Gulf port of Tampico and the oil producing region adjacent thereto. The importation of new automobiles by American oil operators and other business men of Tampico has kept up right along. Some idea may be had of the practical uses to which automobiles are put in the Tampico region by the statement that one of the large American oil companies there is building a sixty-five mile automobile road to connect the field, where it is operating, with Tampico. It is expected that within the next few years a splendid system of highways will run all through the oil producing region.

Tampico is well supplied with garages and automobile repair shops, and in these respects it is said to be ahead of any other city in Mexico.

AWAITING CALL FOR NEW REGISTRATION

The local Board of Mason county is simply awaiting the word from Washington as to the exact date for the new registration of men between the ages of 18 and 45 to put their machinery to work. They have everything in first class shape and the machinery is all arranged for carrying out the big job of listing the men in Mason county. The signal is only needed.

What excuse has a man for voting against the 20c road tax when he does not pay any taxes?

QUESTIONNAIRE ON RETAIL TRADE CONDITIONS HERE

The Maysville Chamber of Commerce has prepared the following questionnaire on the retail trade conditions in Maysville which they request all to cut out, read, carefully fill out and return promptly:

AN APPEAL TO ALL CITIZENS OF MASON COUNTY WHO CAN BE BENEFITED BY IMPROVING THE CITY'S RETAIL SERVICE TO ITS BUYING PATRONAGE.

The Chamber of Commerce of Maysville wants to be of real, practical service to every citizen of both city and county. Such is the purpose of its existence. But to accomplish this, it requires and solicits the active cooperation of all citizens.

The Chamber of Commerce is aware of the fact that the Retail Service to the buyer can be improved in two respects: (1) It can be made better for the consumer, and thereby (2) it should enjoy a great patronage and be given true support and just consideration by the Home Trade.

For the purpose of improving these conditions we are appending hereto a list of questions which we ask you to fill out with answers, then mail it to the Chamber of Commerce. This will cost you only a few minutes time. If you could, by this little effort, improve the retail service in Maysville thereby making it the best and most inviting far beyond the trading radius of even the best in Kentucky, surely you will be glad to render this service. We believe that it will have just such a beneficial effect. If you prefer not to sign this statement, send it in anyhow, as we especially want the suggestions, rather than the signature.

- Do not answer "Yes" or "No" but rather outline specific instances.
- Do you find it satisfactory to trade in Maysville?
- Do you get courteous treatment?
- Do you find the clerks to serve you promptly and intelligently?
- Have you complaint to offer in any special line of merchandise, or in regard to any certain stores, and if so, in which?
- Are the merchants advertising their wares extensively enough, or should they announce their goods to a greater extent?
- Do you read the merchants' advertisements?
- Do you find the advertising to be truthful?
- Are the stores arranged and the goods displayed invitingly?
- Are stocks as complete, up-to-date and fresh as they should be in a city the size of Maysville?
- Do the merchants procure for you promptly anything which you may desire and which they have not in stock?

- What class of merchandise, or articles, are you unable to obtain here?
- Are deliveries prompt and satisfactory?
- Is the quality of goods and merchandise satisfactory and as represented?
- Are the prices reasonable?
- Are the prices lower than in other cities like Maysville?
- Are the prices higher than in other cities like Maysville?
- How do the different classes of merchandise compare in price with other cities similar in size, etc.?
- Does Maysville lack in any special public convenience for the out-of-town shopper, and if so, which?
- Do you know that the Chamber of Commerce offers comfort stations and rest rooms for both men and for women shoppers?
- Have you any other suggestions to offer?

Name.....Address.....
(Name and address not compulsory, but desired. The questionnaire is confidential information to be given the Chamber of Commerce, and will be considered as such.)

Be reasonable and fair to yourselves and to your merchants. Don't suggest the impossible. Be brief, but detail is very desirable. After filling this above answers, return promptly—we are waiting for your copy—to the Chamber of Commerce of Maysville, Ky.

HARRISON IN CHARGE OF ALBANY POULTRY

All of the poultry at the Germantown Fair this year will be looked after very carefully. Upon recommendation of the Mason County Poultry Association, Harrison Anderson, janitor of the county buildings, has been chosen to care for all of the fowls at the fair.

MONDAY IS BIG DAY

Next Monday will be one great big day in Maysville for besides being regular County Court and Council meeting day, the regular September term of the Mason Circuit Court will begin and there will be a great Labor Day celebration at Beechwood Park. It is expected there will be a very large crowd of people in the city for the day.

Doctors Say: "Take Iron"

For building up weak, nervous, run-down people, doctors prescribe iron. It is the greatest blood purifier and strengthener known and, taken in proper quantities, it builds up the body like nothing else can. But many of the iron preparations before the public contain too little iron; many of them contain 10 to 25 per cent. of alcohol, and alcohol counteracts the efficiency of the iron.

Acid Iron Mineral

Is free from the presence of alcohol. It is obtained from the only natural medicinal iron mineral deposit of its kind known to the world; a pure, natural iron product, free from the drug of the chemist and the "dope" of the pill maker.

In addition to three forms of natural Iron Acid Iron Mineral contains magnesium, potassium, sodium and calcium, medicinal properties which your doctor prescribes for indigestion, dyspepsia, constipation, and many ailments arising from a disordered stomach. As a general tonic it comes closest to the ideal, making rich, pure blood and toning up the system and weak vital organs to normal.

Be sure you get Acid Iron Mineral; ask for it by name. Look for the A-I-M. trade mark. It is your guarantee of a pure, concentrated, efficient, economical iron product. At all reliable druggists or the Ferrodine Chemical Co., Roanoke, Va. \$1 per bottle prepaid.

Safety, Convenience, Economy!

These are the strong points of advantage to be derived from the use of a private lock box in our modern fire and burglar proof vault. It is one of the strongest built. It is the most modern type and construction. Built of the hardest and thickest steel, it is drill-proof and air and water tight.

If you have a Liberty Bond, note, will, deed, marriage certificate, life or fire insurance policy, jewelry, or in fact and valuable or papers or heirlooms you should protect yourself against loss by renting a box in this vault.

A private lock box, with two keys, can be rented for less than one cent a day. It may be worth \$5,000 to you some day. Can you afford to be without one at so small a cost?

H. C. ALBERT DIED SUDDENLY IN HOSPITAL

Former Maysville Man Died Following Serious Operation.

The following account of the death of Mr. H. C. Albert, former Maysville man, short notice of whose death appeared in the Public Ledger some time ago is taken from the Atlantic City Gazette of July 20, 1918:

Acute illness of only four days, necessitating an operation resulted in the death at the Atlantic City Hospital yesterday at 2 o'clock of H. C. Albert, well-known pharmacist and member of the Masonic fraternity. Mr. Albert will be buried at Pleasantville with full Masonic rites. Notice of the funeral will be given later.

The deceased is survived by his aged mother, by his widow, Mrs. Amelia Robinson Albert, formerly of Scranton; a daughter, Catherine, aged 9; a brother, George Albert, general manager for the Heinz Company, residing at Pittsburgh, Pa.; and four sisters, including Mrs. George L. Cox and Mrs. Kofauer, of this city; Mrs. E. H. Watson, of New Orleans, and Mrs. Woodruff, of Galveston, Tex.

Mr. Albert was 42 years of age, and had been a resident of this city for 18 years. He was a graduate of the Philadelphia College of Pharmacy, and spent two years in the laboratories of John Wyeth & Brother before coming to the shore to make his home and to pursue his profession. He was for a time connected with the Deemer drug store, on the Boardwalk, opposite the Steel Pier, and later embarked in business for himself with marked success. At the time of his death he was conducting two drug stores, one at States avenue and the Boardwalk and the other at Virginia and Pacific avenues. He resided at 45 South Virginia avenue.

Mr. Albert was very active in Masonic circles, being a member of Trinity Lodge, of the Royal Arch, Mystic Shrine, and was a past commander of Atlantic Commandery, Knights Templar. His demise came with a suddenness that was shocking to his large circle of friends. He was taken ill on Monday, the attack becoming so acute that on Wednesday it was found necessary to operate at the Atlantic City Hospital. This, however, proved to be unavailing, and he passed away yesterday afternoon.

SUGAR CARD CONSIDERED BY COMMITTEE

Some time ago the Maysville Retail Grocers' Association appointed committee to look into the advisability of having issued a sugarcards. The committee, still has the matter under consideration but up to the present time they have not seen the necessity of having such a card issued as each grocer keeps a complete record of sugar sold his customers and this record is at all times subject to the inspection of the Food Administrator.

NOW RAISES 600 CHICKENS

After Being Relieved of Organic Trouble by Lydia E. Pinkham's Vegetable Compound.

Oregon, Ill.—"I took Lydia E. Pinkham's Vegetable Compound for an organic trouble which pulled me down until I could not put my foot to the floor and could scarcely do my work, and as I live on a small farm and raise six hundred chickens every year it made it very hard for me."

"I saw the Compound advertised in your paper, and tried it. It has restored my health so I can do all my work and I am so grateful that I am recommending it to my friends."—Mrs. D. M. Lyons, R. R. 4, Oregon, Ill.

Only women who have suffered the tortures of such troubles and have dragged along from day to day can realize the relief which this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, brought to Mrs. Lyons. Women everywhere in Mrs. Lyons' condition should profit by her recommendation, and if there are any complaints write Lydia E. Pinkham's Medicine Co., Lynn, Mass., for advice. The result of their 40 years experience is as your service.

Peelies, Ohio

Rev. and Mrs. C. N. Smith and son, Floyd, have returned from a three weeks' trip to the Lancaster, Ohio, Campmeeting and school of Missions.

Mrs. Elizabeth Hook is hardly so well this week.

Mrs. Mary Pell and Mrs. Emma Copas of Pike county spent the week end with relatives here.

Rev. W. P. Cooley of Seaman, Ohio, was here Tuesday in the interest of the dry Ohio campaign.

G. W. Hook is in Kenova, W. Va.

A letter from John Hook, dated August 9, and addressed "Somewhere in France," stated that he had not been under fire, but was having the time of his life, traveling at Uncle Sam's expense. He says the boys are all anxious for a chance to chase the Boches into Berlin and are pushing forward as rapidly as they are allowed to with that intention.

L. Kirehner and family spent the week end with relatives in Cincinnati. Rev. Arbuckle of Montgomery, Ohio, preached a splendid sermon on "Everyday Religion" at the M. E. Church Sunday.

During the absence of Scout Master G. W. Hook, the Scouts continue to hold regular meetings with the Assistant Scout Master H. R. Wright. The meeting last Monday night was especially interesting as several badges of promotion were to be presented and an initiation ceremony performed. The members of the local Council and a few others were invited to attend and were much pleased with the Association. The Town Council recently voted to furnish the Scouts Club room with three electric lights, for which they expressed gratitude. The organization is rapidly increasing in numbers and is attracting interested attention by its praiseworthy achievements.

LITHIANA FOLK ARE TERRIFIED BY STRANGE BEING

New Orleans—There is an opportunity for some rising light in the entomological world to distinguish himself.

Down Barataria way they have a new bug. Albert Fleming, of the Fleming plantation, formerly the Herthold plantation, brings news of it to New Orleans, where he is visiting friends.

It isn't an ordinary bug, by any means. Old Creole settlers say they remember having met it once before, but so long ago that they can't remember the date. It doesn't prey on the crops; the Barataria population wishes it did. Its feeding habits, instead, are identical with those of the mosquito. Otherwise, it has a bite which makes the advances of a full-grown swamp mosquito seem like a gentle caress. Also, it is about the size and build of a mature beetle and flies like a hummingbird.

"There aren't clouds of them—yet," said Mr. Fleming Saturday. "If there were, we'd have to move. But there are enough so that pretty nearly everyone has been stung once or twice, and the whole parish is trying to find out what the bug is."

DEAD MAN WINS A SUIT FIGHT FOR FIVE YEARS

Los Angeles, Cal.—The sum of \$34, the stake of a five year legal battle, will probably revert to the county treasury, as it became known that Andrew Green, the plaintiff in the action, died at the county poor farm a year ago.

Walton Wood, public defender, filed an action for Green and a number of others against Nollen and Jerlele, contractors, on a labor claim in 1913. The suit dragged through the courts until it was settled several days ago favorably to Green and the other plaintiffs.

TRUCKS CARRY PASSENGERS TO BIG FAIR

Several large automobile trucks are operating this week between Maysville and the Germantown Fair grounds carrying local people who desire to attend the fair. Despite the very threatening weather of yesterday there were several from here who attended the first day of the fair.

DRESSMAKING? TOO SLOW! BOBBY HOLDS MAN JOB

She Dispenses Gas to Autos and Cheer to Drivers.

St. Paul, Minn.—Bobby Moorah was a dressmaker before she became an autoer, regulating with characteristic depotism the destinies of hundreds of almost empty gas tanks that daily come rumbling up on four wheels to the oil-filling station of the Hoff Oil Company, Sixth street and Main avenue, to meet the verdict of 23½ cents "per," or thereabouts.

And Bobby must have been a corking good dressmaker, too; yet, a designer of unusual creative ability, for that fifty khaki uniform she wears while regulating the automobile filling devices fairly fascinates the fair occupants of the big touring cars, while the drivers almost forget to squeeze the last drop of gasoline from the rubber hose after the tanks quit spouting.

Bobby Moorah probably is the first young woman to preside over an oil filling station in St. Paul, and it's a pretty safe bet that many a man is burning more gasoline than necessary just to get back quickly so Bobby can wait on him again, and she threatened 10 cent tax on gas probably doesn't concern her the least bit.

Of course, her mother never thought of calling her Bobby, so the perfectly feminine name of Hazel was wished upon her when she was a very little girl way down south on the lake of Phis, where she was born, but Hazel didn't sound just right on the job she now holds, so she consented to the change.

Coming to the States, Miss Moorah attended school at Ithaca and at Cornell, and later took up dressmaking, principally, she avers, that she might be capable of designing her own clothes. Then the war came on with its demand on the supply of young men, and Bobby decided to get into the mechanical end of the automobile business.

Last summer she worked as an apprentice mechanic and learned ever so many interesting things about an automobile besides the fact it will carry passengers, break down in an emergency, and violate traffic laws.

Later she took a fling at running an elevator.

Recently she applied for a job at the Hoff filling station and landed it.

LOST IN HEAVY FOG, DRIFTS TEN DAYS IN A DORY

Horton, Mass.—Carlos Mocho of the crew of the fishing vessel Ele G. Silva of Gloucester was brought to the South Boston fish pier by the fishing boat Genesta, Capt. G. F. Fishson, who found him adrift in a dory 175 miles southeast of Boston Light.

Mocho got lost in a fog and spent ten days practically without food and with only one quart of water. He was absolutely helpless when picked up, but recuperated rapidly.

With an old tin tobacco box he had cooked some scraps of fish by means of a fire made with tarred rope and bits of wood. For an oar to steer by he had used a fish fork with a piece of board tied on the lines.

Local fishermen say ten days is the longest time a man has been known to be adrift and survive.

PROFITEERING IN FARM EQUIPMENT HAS BEEN DEFINED

Secretary of Agriculture in Communication to Mason County Agent Explains Legal System of Farm Equipment Distribution.

Mr. Frank Boyd, the County Agent, is in receipt of the following communication and statement from the Secretary of Agriculture:

For your information I am enclosing herewith copy of a statement recently issued by this Department in regard to the sale of farm equipment on a replace value basis.

If at any time complaints come to your notice regarding practices in connection with the distribution of farm equipment, we would be glad to have you forward full particulars to this Department.

Washington, D. C.—Selling goods on a replace value basis in certain cases will be considered profiteering, according to a statement issued today by the Office of Farm Equipment Control of the U. S. Department of Agriculture, which administers the licensing of the farm equipment industry under the Food Control Act.

Farm equipment held, contracted for, or arranged for, by any manufacturer, wholesaler, retailer, or other dealer, in excess of the reasonable requirements of his business, for use or sale by him in a reasonable time, is considered hoarding, under the meaning of the Act of Congress approved August 10, 1917, to provide further for the national security and defense by encouraging the production, conserving the supply, and controlling the distribution of food products and fuel.

Any farm equipment that is hoarded cannot be considered under this ruling, the statement says, but will be dealt with under the Act, according to the merits of each particular case.

The prices of farm equipment are more or less seasonal, but if the price should rise or fall during the season, then, to be consistent, a person who wishes to sell on the basis of replacement values would be obliged to sell at a loss if the price fell. Equipment carried over from one season to another—that is, the residual from a previous season's reasonable supply—should be considered in the same manner. Therefore, if persons have sold at replacement values, they must continue to do so when a drop in prices comes, and carry the same amount of stock as in the beginning throughout the period of the high prices in order not to profiteer.

In short, says the statement, it will not be considered profiteering if farm equipment is sold on the basis of replacement prices and this practice is continued during the period of high prices caused by the war.

It will be considered profiteering if manufacturers, wholesalers, retailers, or other dealers, having a regular stock of farm equipment, sell out at replacement value during rising prices without replacing the stock or intending to replace it, and selling at replacement values when prices are falling. Manufacturers, wholesalers, retailers or other dealers, desiring to sell out without replacing, should sell at cost prices plus a fair usual profit.

It will be considered hoarding if any manufacturer, wholesaler, retailer, or other dealer, holds, contracts for, or arranges for a quantity of farm equipment in excess of the reasonable requirements of his business for sale by him over a reasonable time. Manufacturers, wholesalers, retailers, and other dealers finding themselves inadvertently in this position should sell at cost plus a fair usual profit.

WRONG PRISONER GIVEN LIBERTY

Winchester, Va.—Morris Williams, colored, serving a year's sentence for felonious assault, who was to have been pardoned by the governor so that he could serve in the army, is still in the prison, and another Negro of a similar name has been released by mistake.

When Williams failed to appear here to go with a local contingent to camp he was posted as a deserter. An investigation revealed that the other Negro, sent up from Charlotte county, had been let out, and he has not been found.

YOUNG MEN BUSY FILLING OUT THEIR QUESTIONNAIRES

Blanks Upon Which Young Men Who Registered Saturday Will Be Classified Are Being Filled Out—Classification in Short Time.

Court street Notary Publics were kept very busy yesterday filling out the questionnaires of the young men who were registered in the special registration on last Saturday for military service.

The young men received their blanks promptly from the Mason County Local Board. Although they were given five days in which to fill out the blanks and return them to the board, they seem to be anxious to get the matter off hand in a short time and they swarmed the city yesterday.

It is understood that a very small percentage of the thirty-two men who were listed on last Saturday are asking any exemptions whatever and the majority of them will go into Class One without any effort on their part to be put in the deferred classes. Lawyers and Notaries will be kept very busy during the period of filling out the questionnaires for the men who will register under the new draft of from 18 to 45 for there will be a very large number of men in this county affected by this new draft.

TWO AUDITORS NOW AT WORK

When the auditing of the city books now underway, first began there were two experts at work on the books and after a couple of days one of the men left for Cincinnati. It was thought one man could handle it but it developed the latter part of last week that in order to finish up in short order another man would be necessary and the second man is now on the job. It is not thought that the complete audit will be finished for about two weeks yet.

TO HELL WITH THE KAISER

"The armies and fleets are annihilated. Will the war be won in the air?"

"Did you know that the Kaiser has been captured by a fleet of American aeroplanes?"

"Whose tortures are more fiendish than the Devil's?"

"Who signed a contract with the Devil in blood of the worst kind from a vile body?"

"Is the man who had his mother arrested, made her reveal secrets and then gloated over her, fit to rule the world?"

"Would you dare hand the Kaiser an American flag he had commanded you to give him something else?"

"Who is the one man in the world you would most like to see consigned to the infernal regions?"

See "To Hell With the Kaiser" Tuesday and Wednesday, September 3 and 4.

UNCEASING MISERY

Some Maysville Kidney Sufferers Get Little Rest or Comfort.

There is little sleep, little rest, little peace for many a sufferer from kidney trouble. Life is one continual round of pain. You can't rest at night when there's kidney backache. You suffer twinges and "attacks" of pain, an aching urinary disorder, lameness and nervousness. You can't be comfortable at work with darting pains and blinding dizzy spells. Neglect these ailments and serious troubles may follow. Begin Doan's Kidney Pills at the first sign of disorder. Thousands have testified to their merit.

Proof in Maysville testimony. John J. Bramel, bookkeeper, Walnut Street, says: "Doan's Kidney Pills have been of great benefit to me and in fact, I attribute sixteen years of my life to them. It was in 1902 that I was suffering a great deal. After long use of Doan's Kidney Pills, I became well and had no bad effects for many years. Recently, however, I noticed my kidneys were not acting right and my system was generally weak. I knew it was a return of the trouble and I didn't lose any time in getting a box of Doan's Kidney Pills at Chaslor's Drug Store. They again gave me the same good results and I consider them a wonderful medicine."

Mr. Bramel is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mr. Bramel had—the remedy backed by home testimony. 60c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

BULLET IN HEAD DEPRIVES MAN OF POWER TO SPEAK

Baltimore, Md.—As a result of an injury to the brain, due to a bullet wound in the left temple, Harry Wrightson, 1410 West Baltimore street, who is a patient at the Franklin Square hospital, has lost the power of speech.

He is able to form thoughts, but cannot transmit his thoughts in speech, although he can move his lips. He is able to move his hands, but is unable to express his thoughts in writing.

Wrightson was accidentally shot with a .22 caliber rifle in the left temple at his home by James Pierce, 2418 Frederick avenue. On the night of the shooting physicians probed for the bullet for over two hours with no results.

What is the argument for waiting ten years to have good roads? Act now.

PATRONIZE

THE MOST UP-TO-THE-MINUTE AND PATRIOTIC GROCERY STORE IN THE CITY OF MAYSVILLE

Owing to the fact that Mr. W. I. Nauman and his brother Mr. Richard L. Nauman proprietors of the W. I. Nauman & Bro. Curiosity Calls

Any sudden alarm that may be sounded causes an avalanche of calls that are "CURIOSITY CALLS"—made for no other reason than that their neighbors desire to know all about the happenings.

Not only is "CENTRAL" unable to supply such information, but the sudden deluge of calls ties up the telephone lines and might seriously interfere with calls for fire, ambulances or other aids.

Why not be patient for awhile and allow the effect of such alarms to become normal. If such should be a forerunner of news, it will be carefully prepared by a reporter and may be read in the papers.

Maysville Telephone Co.

Two Fleming County Farms For Sale

Mr. George W. Foxworthy has listed with me two very desirable farms. Farm No. 1—The home farm, where Mr. Foxworthy now resides 5 miles East of Flemingsburg, contains 116 acres, and has on it a good residence, large stock barn, tobacco barn, two silos and the usual outbuildings found on a well-improved farm; also an abundance of fruit of different varieties. About 80 acres of this farm is in and the land is all in high state of cultivation.

Farm No. 2—Contains 92½ acres, adjoins the town of Mt. Carmel; has on it a new tobacco barn; and this farm is also in good state of cultivation. While there is no house on this land, there is a nice home close to the farm that can be bought very reasonable.

For particulars as to price, etc., see the undersigned or Mr. Foxworthy.

MISS ELIZABETH VAUGHT DROWNS NEAR GREENUP

Daughter of Former Local Pastor and
C. & O. Railroad Official Drowns
in Little Sandy.

Charles H. Lehman, Division Freight Agent of the Chesapeake and Ohio Railroad, who lived in Ashland, and Miss Elizabeth Vaught were drowned late Wednesday afternoon when they stepped into a hole of deep water while wading at the falls of the Little Sandy River back of Greenup. Their bodies were recovered shortly afterward and taken to Ashland.

Mr. and Mrs. Lehman, Misses Sallie and Kittle Ulen and Miss Vaught, a niece of the Misses Ulen, were spending the day at the falls when the accident occurred and all five were in wading at the time.

Mr. Lehman was born in Covington, Ky., 39 years ago. Miss Vaught, who was 16 years old, was a daughter of the late Rev. J. O. A. Vaught. She was at Ashland spending her vacation with her aunt.

Rev. Vaught was a former pastor in Maysville and the young lady has many friends here who will be distressed to hear of the fatal accident.

OFFICE BEING PUT IN SHAPE FOR COMMITTEES

The new addition to Chief of Police Harry A. Ott's office which will be used as a committee room for the meeting of council committees is now fitted out with chairs and only one thing is lacking to make it a first-class committee room and that is a large committee table.

MRS. BAKER'S FUNERAL HELD TODAY

The funeral of Mrs. Mary Bauer who died at her home Wednesday evening will be held from the First Presbyterian Church this afternoon at 2 o'clock with services by Dr. John Barber and burial will be made in the Maysville cemetery.

Miss Julia Grant, of Cincinnati, returned to her home yesterday after a very pleasant visit with the Misses Wilson on Limestone street.

All Union Barber Shops will close at noon Labor Day.

COLORED NEWS

Members of Liberty Court No. 65, will meet at Scott M. E. Church to take part in services at 2 p. m. Sunday. A prize will be given to lodge having the largest attendance.

PATRIOTIC DAY IS OBSERVED BY COUNTY TEACHERS

Circuit Judge C. D. Newell Makes Address to Teachers of the County—Patriotism Features Entire Day.

(By W. T. Berry)

Bible Reading by Rev. A. F. Stahl, First Psalm.

Song—Battle Hymn of the Republic led by Carl Dodds.

Prayer by Rev. Stotter.

Song—"America, the Beautiful."

Announcements by Superintendent Turnipseed.

"Spelling" by Mr. Bradner was, in our judgment, the most practical and helpful we have ever heard given in an institute on this subject.

Inaccurate spelling means faulty communication. Every time a word is misspelled the writer has to trust to the mercy of the reader. He has no right to expect to be understood.

True test of good spelling: Ability to spell one's own vocabulary in written work. Ones writing vocabulary is about one-fourth one reading vocabulary. The writing vocabulary and not the reading vocabulary should be the basis of the minimum list for the individual. Learning to spell words for future indefinite use a waste of time.

About nine-tenths of all misspelled words occur in the second and third grade vocabularies.

Have pupils keep a long list of words difficult for them. The words, the an, of, to, I, a, in, that and you make up about 25 per cent. of all the words of our written vocabularies.

50 commonest words make up 50%.

278 commonest words make up 75%.

850 commonest words make up 90%.

1000 commonest words make up 92%.

Dr. Agnes list of 642 words recommended.

Three things necessary in writing:

1. Get a clear mental picture.

2. Attentive repetition.

3. Few words at a time.

The child must see the word, pronounce, spell it aloud, use it in reading and write it. More pupils are good spellers today than years ago.

Prof. Charles Turnipseed discussed the War and Community Uses of Our Schools. He believes that it is possible for the school to assist in each and every activity that demands and engages the attention of all "over there" which has to do with the war.

He believes that everything that may be for the good and uplift of the community should at least have the hearty sympathy and cooperation of every teacher and every school if they do not take the lead in them.

Prof. Carlinger on the subject of Civil Government insisted that it should, as far as possible be socialized, i. e., used in every day life.

Miss Florence Snodgrass, a representative of the United Lyeum Bureau of Columbus, Ohio, is here and ably presenting the claims of her house.

Mr. Bradner, I think, fully convinced every teacher present that it is her duty to read school journals and professional school books and gave names of many of each, and at some length he showed why each book and journal should be bought and read.

The following teachers have registered at the Institute: Mrs. Lucile Norris, Martha Dillon, Eleanor Wallace, Emma Hart, Harriet Haughaboo, Edith Davis, Amanda McDaniel, Mrs. Lee Boyd, Lillian Wellington, Mary Slack, Mrs. Minnie Dobyns, Anna Woodward, Fannie Worthington, Beale Baer, Flora Stairs, Lena Shipley, T. J. Currey, Marie Webster, Lorene Dryden, Ida Mae Slack, Anna P. Cifft, Margaret Berlin, Nell Dixon, Viran Brumel, Margaret Lingenfelter, Dorothy Harbeson, Lucile Shipley, Allie Lee.

MASON FARMERS WILL ANSWER CALL OF THE NATION

Many Farmers Agree to Grow Large Acreage of Wheat This Season—More Sheep to Be Pastured On Hill Sides.

The farmers of Mason and adjoining counties will do their bit back home to help win the war with Germany despite the fact that they have been cut short of laborers by the army draft and despite the fact that the new 18 to 45 draft will mean a much greater reduction in the number of men available for farm work.

The Wheat and Sheep campaign which was started in Mason county at the big all day War Conference some time ago is growing in all parts of the county according to reports received yesterday from the Germantown Fair where County Agent Boyd and his assistants are devoting much of their time to enrolling farmers in the big drive for more wheat and sheep during the coming season.

Although the special effort at the fair has just begun it is reported that many farmers have signed up to grow wheat who never before produced this grain from which the staff of life is made and the farmers owning hill land have agreed to pasture many more sheep during this year than ever before.

This great campaign will be given new impetus today at the fair grounds when those attending the fair will hear State Commissioner of Agriculture Mat Cole and State Food Administrator Fred M. Sackett, both of these prominent men will urge the farmers to join their neighbors in backing the boys in the trenches.

TWO PLACED UNDER PEACE BONDS

In the city court yesterday Lottie Savage, colored, had Ellen Batts arrested on a charge of a Breach of the Peace. After hearing the evidence Judge Whitaker reached the conclusion that the defendant and the child prosecuting witness were both behaving in a manner that would break the peace of the neighborhood and they were both placed under one hundred dollar peace bonds for a period of twelve months.

INTEREST HERE IN SELECTION OF U. S. SENATOR

Already there is considerable interest being taken here in who Governor Stanley will appoint to temporarily fill the position of Senator Ollie M. James and who the committee will select to take the late Senator's place on the Democratic ballot. The successor of Senator James will likely be chosen by Governor Stanley in a few days to serve until the meeting of the Democratic committee.

POST CARDS ADVERTISE MAYSVILLE

The Chamber of Commerce has placed in all of the local hotels post cards already printed which may be used by travelers or those in a hurry to write a word back home that they are well. On these cards the city of Maysville is advertised and it is reported that many of them are being used each day by the travelers.

King, Anna Gullfoyle, Minnie Carpenter, Louise Daugherty, Maude Moody, Anna M. Moody, Lillian Clarke, Hattie Forman, Anna Manion, Rev. T. L. Stotter, Susanna Herdon, Fannie Tugle, Sallie Slack, Mrs. J. H. Winder, Prof. C. Turnipseed, M. E. McLean, C. Martin, Agnes Hill, Essie Hoona, Prof. G. E. Everett, Ellen Osborn, Emma Barrett, Lena Koehler, Hattie Norris, John Hurst Adams, Mrs. T. J. Currey, Elizabeth Murphy, Bessie Beel, Mary Schlitz.

The afternoon program opened with a song led by Carl Dodds.

Solo, "The Trail of the Lonesome Pine" by Edith B. Hamilton, accompanied by Miss Rita Ross. Encore "Keep the Home Fires Burning."

Solo, "When Sammie Came Marching Home" by Mr. Dodds, Mrs. Winder at the piano.

Supt. Turnipseed presented Hon. C. D. Newell who made one of those enthusiastic and heart reaching addresses that we have learned to expect from him on a patriotic occasion, with patriotism as the theme for inspiration. He paid a high tribute to the influence for good of the patient, poorly paid, loyal patriotic teachers. Earnestly charging them to instill into the hearts and minds of the youth of the land those noble thoughts and lessons that may be expected to result in men and women with such characters that they may be sufficient for the solution of problems of the future, the like of which the past has not known. Plead for the religion and gospel of "Help" in this time of dire need.

Solo, Tenthing Tonight by Mr. Dodds, accompanied by Mrs. Lucile Norris.

CHANGES MADE IN WHEAT FLOUR SALE REGULATION

Victory Mixed Flour to Be Sold Doing Away With "Fifty-fifty" Regulation.

County Food Administrator W. D. Cochran yesterday issued the following statement:

The attention of all dealers in the county is called to the following radical changes in the regulations of the Food Administration, with reference to wheat flour and its sale.

Ready Mixed Flour For Sale as Victory Mixed Flour

"It is desired to insure supply of ready mixed flour on market and to have millers and dealers of all kinds encourage use and sale of this flour so the country may be on a mixed flour basis without necessity of retailers making combination sales of flour and substitutes. All such mixed flour made according to the following regulations should be labeled victory mixed flour, and are to be labeled with the ingredients in order of their proportion.

"The flour so mixed must be milled in accordance with the standards of the United States Food Administration. No mixed flour (except Poncake flour) shall be made or manufactured except in the exact proportions as outlined below:

"Mixed wheat and barley flour shall be in the proportion of four pounds wheat flour to one pound barley flour. Mixed wheat and corn flour shall contain the proportion of four pounds wheat flour to one pound corn flour. Mixed wheat, barley and corn flour shall contain the proportions of eight pounds wheat flour to one pound barley and one pound corn flour. Mixed wheat and rye flour shall contain the proportion of three pounds wheat flour and not less than two pounds rye flour. Whole wheat, entire wheat, or graham flour, or meal, shall contain at least ninety-five per cent. of the wheat berry.

"All the above victory mixed flours may be sold without substitutes, but at no greater price than the miller, wholesaler, or retail dealer than in the case of standard wheat flour.

Retail Sale of Standard Wheat Flour

"The new regulations supersede the fifty-fifty rule. The retail dealer selling standard wheat flour is required to carry in stock either barley flour, corn meal, or corn flour, and with every sale of wheat flour must sell a combination of some one or more of these in the proportion of one pound substitute to each four pounds of wheat flour. No dealer may force any other substitutes in combination upon the consumer, and these substitutes must conform to the standards fixed by the United States Food Administration. There are some localities where other substitutes are available and which retailers may wish to carry. In order to meet this situation the following flour may also be sold in such combination in lieu of above flour if the consumer so demands, at ratio of one pound to each four pounds wheat flour. That is, kamr flour, mello flour, faterrita flour and meals, rice flour, oat flour, peanut flour, bean flour, potato flour, sweet potato flour, and buckwheat flour. Pure rye flour or meal may be sold as a substitute but must be sold in proportion of at least two pounds of rye with three pounds wheat flour.

"The foregoing rules apply to all custom and exchange transactions as well as sales of flour to farmers, unless modified by special announcement of the Federal Food Administrator of the state where the mill is located, acting with the approval of the zone committee.

Bakers

"In compliance with general situation above, the following alterations are made in rules and regulations governing baking trade:

"Rule 1 A. The consumption of wheat flour in bakery products not to exceed seventy per cent. of the nineteen seventeen consumption is hereby rescinded.

"Rule 2 A. Wheat flour substitutes for bakers remain as heretofore, with exception of rye which will be a substitute when used upon a basis of not less than forty per cent, which is two pounds rye flour to every three pounds standard wheat flour. When rye is used in this proportion or a

COUNTY'S QUOTA REACHED; SOME MAY BE REJECTED

Ten Young Women Have Volunteered in the U. S. Student Nurse's Reserve But It Is Expected Some May Be Rejected.

Mason county has always been one of the first counties in the state of Kentucky to meet the apportionment the state officials have put upon her in war work and the women of the County Council of National Defense announce that they have reached their quota of ten young women in that ten young women have already volunteered their services.

It is pointed out that it is more than likely that some of the young women volunteer will not be finally accepted and for that reason the campaign is to be continued for several days or until the women secure ten young women who are finally accepted by the National headquarters following examination.

It is more than likely that Mason county is the first county in the state in this big drive to reach her quota. It has been no easy task to push the campaign through to a successful conclusion for there have been many handicaps the women have had to overcome but they are very much encouraged and feel certain that there will be several more young women offer themselves in the next few days who will be put on the waiting list to fill any vacancies that may arise should any of the ten women now enlisted fail to meet the government requirements.

MAT COHEN IN TOWN TODAY

Hon. Mat S. Cohen, State Commissioner of Agriculture, will be in the city this morning en route to the Germantown Fair where he will deliver an address to the farmers of this section today. Today is farmers' day at the fair and it is expected many will be in attendance.

greater proportion, no other substitutes are required. If less than this proportion of rye flour is used the difference between such amount used and forty per cent. must be made up of other substitutes.

"Rule 6 A. Bakers will be required to use one pound substitutes to each four pounds wheat flour in all bakery products including bread except class three 4 crackers in which only ten per cent. substitutes other than rye are required. The use of the name victory will be allowed in all products containing the above proportions of substitutes.

The foregoing announcement has, among other things, the following effect upon Kentucky rules:

(1) It does away with the rule as to a farmer getting 12 pounds of flour per month per person from his own wheat without substitutes.

(2) It does away with the 6 pounds per person per month as to flour, and does away with the rule limiting the sales to 24 pounds to town customers and 48 pounds to country customers.

(3) It makes it obligatory upon all retail dealers to sell these substitutes with wheat flour, which is unmixed. Previously the miller was required to sell the substitutes to the retailer; now the obligation is transferred to the retailer in his sales.

(4) It does away with the No. 1 yellow certificate, and even the man who reles his own corn must now buy his wheat per cent. substitutes with his wheat flour.

(5) In the sale of wheat flour twenty per cent. of substitutes must be sold by retailers or by millers selling direct to the consumer, at the same time as the purchase of the wheat flour—not one day before nor one day after.

(6) Those buying Victory mixed flour, graham flour, or whole wheat flour do not need to buy any substitute with it.

(7) County Administrators must get in touch with all retailers within their counties and make sure that they understand their obligation in regard to the sale of the substitute as above set forth.

(8) These rules become effective September 1st, 1918.

W. D. COCHRAN,
County Food Administrator

TWO PENCIL PUSHERS HELP Y. M. C. A.

The newspaper fraternity of this section gives two of its liveliest wires to the Y. M. C. A. work the first of next week. Wirt F. Malns, editor of the Manchester (Ohio) Signal leaves Monday for transport service and Reed M. Davidson, city editor of the Ashland Independent will take up overseas work. Both men are very capable and will be of great value to the organization. Their fellow pencil pushers who know of their ability in the newspaper game feel certain they will meet with great success and wish them well.

TOBACCO FAIR HOOSTED AT GERMANTOWN

The big Maysville Corn and Tobacco Fair is being advertised and hoosted at the Germantown Fair this week. This big fall fair always draws much of the same crowd as the Germantown Fair and the Tobacco Fair boosters are this year promising the people a much bigger and better fair than ever before.

Mrs. Howell M. Finch, of Austin, Texas, is here for a short visit with her mother, Mrs. E. C. Fischer, of Third street.

Miss Minnie Sproenberg spent yesterday in Cincinnati on business.

Catarhai Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surface of the Eustachian Tube. Catarrh of the Eustachian Tube is the result of a cold in the head, or of a cold in the throat, or of a cold in the chest, or of a cold in the lungs, or of a cold in the stomach, or of a cold in the bowels, or of a cold in the bladder, or of a cold in the kidneys, or of a cold in the skin, or of a cold in the muscles, or of a cold in the bones, or of a cold in the joints, or of a cold in the nerves, or of a cold in the brain, or of a cold in the spinal cord, or of a cold in the nerves, or of a cold in the brain, or of a cold in the spinal cord, or of a cold in the nerves, or of a cold in the brain, or of a cold in the spinal cord, or of
